

A wide-angle photograph of a sunflower field in the foreground, filled with bright yellow flowers and green leaves. In the background, a dense forest of tall evergreen trees is visible under a clear blue sky. The sun is low on the horizon, creating a dramatic lens flare effect with rays of light stretching across the upper portion of the image.

A Year of Change and Growth

Fiscal Year 2021 Annual Report

With your help, TLC is protecting more land than ever across the Triangle.

In the midst of the global pandemic and while protecting over 1,200 acres, TLC has seen a surge in visitors to our public nature preserves, along with an increased interest in our work. Our community understands the benefits of nature to our well-being more clearly than ever from walking and biking trails to knowing that their water is clean, and that farms are protected to provide fresh, local food. TLC nature preserves and protected lands continue to be vital during this time.

TLC has also redoubled our efforts to ensure outdoor spaces are accessible to everyone in the Triangle — a goal that cannot become reality without actively working to end systemic racism, which for centuries has led to ongoing inequities in ownership of, access to, and enjoyment of the outdoors. As part of this work, we hired consultants to do a feasibility study for a conservation program that will both protect local farms and increase land ownership by Black and other people of color; called the Good Ground Initiative, which will launch in 2022.

As you'll see in this report, we are also likely to surpass our goal of building 25 new miles of trail by 2025 since we've added 17 miles of trail since 2018. Thanks to supporters like you and many volunteers, the community has access to more than 50 miles of trail on TLC properties.

Thank you, always, for your dedication toward conserving land and connecting people to nature. Our community has never been more grateful or needed it more.

Sincerely,

Sandy Sweitzer, Executive Director
Triangle Land Conservancy

"We consider TLC's goal of preserving the varied natural areas in our area as so important to the future, especially to the younger generation. We are so grateful to those who have donated their land, to the volunteers that have worked to make the land accessible and healthy."

- TLC Member

Report on Year 3: Momentum

Accelerating the Pace of Conservation: 25,000 Acres by 2025

21,646 acres protected through June 2021!

**1,438
to go!**

1,260 acres this year!

1,916 in progress

Your support has allowed TLC to accelerate land protection like never before. In FY 21 we conserved 1,260 acres. As this report goes to press, we have another 37 projects encompassing 1,916 acres in the works that we hope to permanently protect by the end of 2022! These include farm land TLC recently protected that leveraged regional and national funding to support local farms and food.

Right now we are working with a sheep farmer, dairy farmer, and a conservation buyer to implement conservation easements that will protect prime soils, open space, and buffer streams but allow the land to continue contributing to local food systems.

By the Numbers

In FY21, you helped...

Monitor 14,800 acres

Staff monitored 8,600 acres at 106 conservation easements and over 6,200 acres of TLC-owned land.

Conserve 1,260 acres of land, including...

Conserved over 1,260 acres of land to protect drinking water

Working with many partners, TLC completed 16 projects in the Cape Fear and Upper Neuse River Watersheds, 860 acres benefit the Neuse.

...17.5 miles of stream.

Support Local Farms & Food

TLC now hosts 5 farm partners at Williamson Preserve, who use regenerative agriculture techniques to support an apiary, crops, livestock, and a native tree nursery.

...471 acres of farmland.

Support Diversity in Agriculture

TLC began work on the Good Ground Initiative, a program using conservation tools to provide farmers and foresters of color access to land ownership.

Engage 4,452 people at 32 virtual and in-person events.

Connect 764 Students to Nature

Working with community partners, TLC connected with almost 764 youth between in-person and virtual events. 192 kids took part in Triangle Explorers this year.

Provide 34 education programs.

Contribute 1,948 Volunteer Hours

279 volunteers helped at TLC's office, taught outdoor education programs, led hikes, helped build and maintain trails, and so much more that makes our work possible!

Build 7 miles of trails and manage 53.5 miles total.

Mink at Brumley North by Joe Donahue

FY21 Highlights and Details

Connecting People With Nature

- TLC opened Williamson Preserve, home to biking and walking trails that are visited by more than 3,000 people each month.
- Attracted more than double the number of visitors to our preserves from FY20.
- Partnered with Knightdale High School, Marbles Kids Museum, N.C. Museum of Life and Science and others to provide 34 environmental education programs.
- TLC's board continues to maintain diversity. In FY21, 18 members represented 5 of our 6 counties, more than half were women, and 50% were People of Color.

Protecting Natural Habitats

- Protected 653 acres of Natural Heritage Sites across the Triangle.
- TLC conducted prescribed burns at multiple properties to promote early successional habitat.
- Established a pollinator garden at Williamson Preserve to provide habitat for numerous pollinators and support our farm partners.
- Held several workdays to remove invasive species such as kudzu from TLC properties, in order to support the health and growth of native plants and the animal species that rely on them.

FY21 Highlights and Details

Safeguarding Clean Water

- Conserved 92,213 feet of streams, including projects in the Upper Neuse and Cape Fear Basins, which totaled 860 and 400 acres, respectively.
- Protected 226 acres on Falls Lake, closing on the “Little Beaverdam” property.
 - The property, part of which was previously home to Three Bears Acres, a popular outdoor play space in northern Wake County, provides benefits to natural habitat conservation and clean water protection.
- Began implementing the Watershed Conservation Strategy developed for Jordan Lake.
 - TLC worked with local governments to help dedicate additional funding for source water protection.

Supporting Local Farms and Food

- TLC continued implementation of the farm plan at Williamson Preserve and now hosts 5 farm partners.
 - Our farm partners use a range of regenerative agricultural practices, including a new method of water management that helps conserve water, reduce erosion and nutrient runoff, and increase carbon sequestration in soils.
- Began the first stages of implementing the Good Ground Initiative, a program aimed at using conservation tools to provide access to land ownership for farmers of color.
 - Worked with Seeds of Change consultants on a feasibility study to develop an equitable plan to implement the program and selected a pilot property for the Initiative.

A photograph of a person wearing a helmet and cycling gear, riding a bicycle through a field of pink flowers. In the background, there are tall evergreen trees and a wooden birdhouse mounted on a pole. The foreground is filled with pink flowers, and some yellow flowers are visible on the left.

Bailey and Sarah Williamson Nature Preserve, TLC's newest public nature preserve, now hosts 5 farm partners and is one of our most popular spots for hiking and biking, with over 3,000 visitors a month!

Our Supporters

Fiscal Year 2021

(July 1, 2020 - June 30, 2021)

We are grateful for everyone who gives time, land, and money to support TLC. The following list recognizes contributions made by our longest standing and most generous donors. For a complete list of 2020-2021 donors please see the electronic version of this report at triangleland.org/ar.

Legacy Donors, our donors who made their first gift to us within our first five years (1983-1987), are indicated in **bold**.

TRIANGLE LAND
CONSERVANCY

514 S. Duke Street
Durham, NC 27701

OUR MISSION

TLC strives to create a healthier and more vibrant Triangle region by safeguarding clean water, protecting natural habitats, supporting local farms and food, and connecting people with nature through land protection and stewardship, catalyzing community action, and collaboration.

Want to share your feedback about TLC's work this year?

We'd love to hear from you!
